

## CUSTOMWOOD ACCESS PANELS

Designed and manufactured here in Australia, the Trafalgar Access Customwood Access Panels are the perfect choice for interior design. The Customwood surface is ideal for painting, veneering, wallpapering or laminating, and when installed, they sit flush with the surface leaving a neat opening around the perimeter. The optional concealed wet wall frame and touch latch options create subtle and seamless access to the building's services.

### KEY FEATURES

- Easy installation-nominally sized panels
- White pre-primed and fully welded steel frame
- Fully primed MDF panel door (including all cut edges) to reduce moisture absorption
- Interchangeable strong cam locks which avoid circlips and prevent lock dropout
- Fully concealed hinges
- Flanges: picture frame or wet wall
- Budget lock as standard or Touch Latch optional
- Large range of sizes
- High quality packaging to prevent damage during transit
- Australian Made

# INSTALLATION

## PLASTERBOARD

### MARK

Mark out and cut an opening in the ceiling or wall to suit the dimensions of the access panel (eg. 450x450mm), taking into account the position of existing joists.

### FIT

With the hatch of the access panel open, insert the panel into position.

### FIX

Fix through the fixing holes in the frame into the surrounding framework, with fixings as detailed in the drawings [page 10](#).

## FAQ

**Q Can we install this panel into a floor?**

**A** No, our APC panels are for wall and ceilings only.

**Q Do these panels have an acoustic rating?**

**A** No, our APC panels do not have an acoustic rating. Please refer to our website for our range of [Acoustic Rated Access Panels](#).

**Q How thick is the MDF in the panel door?**

**A** Trafalgar APC panels are manufactured using 18mm white primed MDF.

**Q Is this panel high moisture resistant?**

**A** The fully primed door will provide more moisture resistance than a raw cut edge, but Trafalgar can also offer a high moisture resistant MDF panel as a custom order.

**Q I have an unusual shape and size requirement. Can you manufacture a bespoke panel?**

**A** Yes, access panels can be custom manufactured to your shape and size specifications.

**Q Can we use this panel in a fire rated wall or ceiling?**

**A** No, these APC panels are non fire rated. Please refer to our website for our [Fire Rated Access Panel range](#).
